

Sweetser Economic Redevelopment Commission

Meeting Minutes

March 28, 2013

Member present: Rich, Carl, Chuck, Travis and Steve

Minutes from 2/28/13 where reviewed and approved.

Steve Brock was still preparing the paperwork for the Town's TIF.

Travis asked for input as to how large the TIF should be and location. Rich asked if the size of the TIF would result in more or less cost to the Town. It was generally agreed that Highway 18 and Main Street should be the prime locations for business. Travis asked if we should consider the whole town in the TIF.

Travis asked Jerry Smith how a TIF in Sweetser would affect tax dollars going to Oak Hill. Jerry responded saying that it would be about 10 years before an addition tax dollars would go to the school.
