

# Sweetser Storm Water Board

## Meeting Minutes

March 14, 2013

Sweetser Storm Water Board meeting was called to order at 6:00 pm.

Members present: Rich, Carl and Chuck

Meeting minutes for February were reviewed and approved.

Initial discussion was that we needed to adopt standards for commercial builders for storm water runoff when a commercial building or other large building is being developed. Chuck explained how Liberty Baptist Church created drainage for their addition and parking lot and the same type of standards should be reviewed and defined for future development.

We completed our review of Swayzee's Storm Water Ordinance and now need to type up the rough draft.

Adjournment at 6:30pm

*Chuck Brice*  
*Richard P. Smith*
