

## Sweetser Storm Water Board

Meeting Minutes

November 8, 2012

Call to Order at 6:00

Member present: Rich, Carl and Chuck

Minutes from 10/11/12 where reviewed and approved.

Carl made a call to David White of Grant County Maintenance about Burge Ditch. David said he should talk with Jeff Todd in the Surveyors office about his concerns.

Eileen contacted Mega Systems for us about adding an extra line to the resident's trash/sewer bill for the SSWB fund. Mega Systems says it will cost \$4500 and a potential annual maintenance fee. We all agreed that seemed too high and are going to search for possible alternatives. Chuck suggested that a fee be added to the sewer bill be included and the SSWB would assume a percent of the bill totaling the additional fee. Chuck will contact Steve Brock and inquire how we can do this.

The Board has been reviewing Swayzee Ordinance for their Stormwater and Sewer Works Division. Some areas of concern for our own Ordinance include, how driveways are constructed or reconstructed to include culverts, and if we should have a commercial and residential fee. Chuck recommended that a percent of everyone's sewer fee might be more applicable.

Meeting was adjourned at 6:50pm
